Publication Changes

The Department of Revenue has eliminated duplicate tables in Property Tax Statistics and Tax Statistics. Prior to 2002, Abstract of Assessed Value data can be found in Tax Statistics. This modification allows us to complete Tax Statistics earlier each year and add more information to the Property Tax Statistics report. The levy detail tables can be found on the Department of Revenue's Internet site (<http://dor.wa.gov>) at the bottom of the Table of Contents page. Since 2006, Property Tax Statistics is only available online.

Property Tax Statistics can only be found on the Internet in the "Get Statistics & Reports" link. The Internet address is:

PROPERTY TAX COLLECTIONS--2008

TABLES 1 - 6

Collections data are obtained from county treasurers for all taxing districts imposing an ad valorem property tax, either authorized by statute or approved by voters. Special benefit assessments levied on other than an ad valorem basis are not included.

PROPERTY TAXES DUE IN 2008 (TABLES 1 AND 2)

Property taxes levied in 2007 and due in 2008 were \$8,286 million, increasing \$465 million, or 5.9 percent, from the amount due in 2007. Collections of taxes due in 2008 totaled \$8,096 million, increasing \$454 million, or 5.9 percent, from 2007. The 97.7 percent collection response rate in 2008 is the same as the 2007 rate.

During the year, tax roll additions (omitted property, property removed from exempt status, and new structures not previously on the rolls) exceeded tax roll cancellations (transfer to exempt status, correction of errors, destroyed property, and uncollectible accounts) by \$2.4 million. The resulting year-end unpaid balance was \$215 million, up about \$33.6 million from 2007. This amount equaled 2.6 percent of the 2008 tax roll.

Garfield County led all counties last year with a 99.3 percent collection response. King County followed with a 98.9 percent collection response. All together, 36 counties reported collection rates of 95 percent or above, leaving three counties collecting less than 95 percent. The lowest rate of collection was 94.1 percent.

DELINQUENT PROPERTY TAXES (TABLES 3 AND 4)

Delinquent taxes (taxes on the rolls previous to the 2008 tax year) were \$263 million. Of this amount, plus additions, \$158 million was collected during the year. The statewide response rate was 60.2 percent.

Thirty-six counties had a 50 percent or better collection rate in 2008 which is the same amount as in 2007. For 2008, ten counties had delinquent collection rates of 60 percent or greater which is down from 17 counties in 2007.

CURRENT AND DELINQUENT PROPERTY TAXES (TABLES 5 AND 6)

The combined amount of current and delinquent taxes due in 2008 for all 39 counties was \$8,549 million. Collections totaled \$8,254 million, 96.6 percent of the total due. At the end of 2008, delinquent taxes were \$311.8 million, up \$49.5 million, an increase of 18.9 percent from 2007. Although the collection of current taxes was 97.7 percent (as noted above), the collection rate was 99.6 percent of current roll, taking into account both current and delinquent taxes.

2009 Property Tax Legislation

Bills became effective July 26, 2009, unless otherwise stated.

E2SHB 1208 **Property Tax Administration** **(Chapter 350, Laws of 2009)**

This bill changes some of the requirements for treasurers, allowing them to begin accepting property tax payments once tax rolls are completed. Treasurers must affix a “verification of payment” rather than the currently required “stamp” on certain documents to verify real estate excise taxes (REET) have been paid. Property taxes must also be current in order to complete the processing of REET affidavits or other documents transferring title when there is a sale of a used mobile home, used manufactured home, used park model, or used floating home that has not had its title eliminated.

Other effects of this bill:

- Applications for open space and timber land current use classifications for property located in cities can be approved by separate affirmative acts of county and city legislative authorities, and members of such joint meetings are allowed to participate telephonically.
- Payment dates and interest rates on delinquent payments for diking, drainage, and sewerage improvement districts are brought in line with other property taxing districts.
- Changes are made to authorizations regarding refunds and refund levies.

The provisions relating to refund levies and levies to recoup taxes abated on destroyed property were included in 2009 Department of Revenue request legislation (HB 2231 / SB 6047) and were added to this bill at the request of the Department. These provisions apply retroactively to July 1, 2009, and apply beginning with taxes levied in 2009 for collection in 2010.

2SHB 1484 **Habitat Open Space** **(Chapter 354, Laws of 2009)**

This bill amends the Riparian Open Space Program to allow the purchase of conservation easements on private forest lands that: (1) are within an unconfined channel migration zone; or (2) contain critical habitat for threatened or endangered species as designated by the Washington Forest Practices Board.

This bill makes conforming amendments to the current law which provides an exemption from compensating taxes and additional taxes. The exemption applies when private forest lands are removed from designated forest land status or current use timber classification as a result of the transfer of a conservation easement under the Riparian Open Space Program.

The bill also modifies the existing exemption from compensating taxes provided in RCW 84.33.145 when land, which has been transferred from designated forest land status to a current use classification under chapter 84.34 RCW, is removed from classification for certain reasons, if the land is located in a county with a population exceeding 1,000,000 inhabitants. The bill expands this exemption to land in counties with a population exceeding 600,000 inhabitants.

The Governor vetoed section 1 of this bill containing language that is identical to section 1 of SSB 5401. Section 1 concerned the use of the Riparian Open Space Program to protect critical habitat for threatened or endangered species.

SHB 1733 **Property Tax Current Use Valuation Programs** **(Chapter 255, Laws of 2009)**

This bill amends the farm and agricultural current use classification to include land used for equestrian activities. The bill also exempts property owners from paying the back taxes, penalties, and interest when their property is removed from the current use or designated forest land programs and the reason for the removal is the discovery that the land was improperly approved for the program through no fault of the property owner.

EHB 1815

**Current Use Valuation Under Open Space Program
(Chapter 513, Laws of 2009)**

This bill allows land that is at least five acres but less than 20 acres to qualify for the current use program as farm and agricultural land under certain conditions.

The bill also requires county assessors to provide information regarding the process to appeal the county assessor's decision to remove property from the current use program. A removal notice must explain the steps needed to appeal the removal decision.

2SSB 5045

**Community Revitalization Financing
(Chapter 270, Laws of 2009)**

This bill authorizes cities and counties to create "revitalization areas" and allows certain increases in local sales and use tax revenues and local property tax revenues generated from within the revitalization area, additional funds from other local public sources, and a state contribution to be used for payment of bonds issued for financing local public improvements within the revitalization area. The state contribution is provided through a new local sales and use tax that is credited against the state sales and use tax.

The Department of Revenue is responsible for the administration of the program.

The maximum amount of the state contribution is \$4.75 million per fiscal year.

SB 5355

**Initial Levy Rates for Rural County Library Districts
(Chapter 306, Laws of 2009)**

This bill allows the petition and ballot proposition to establish a rural county library district to include an initial maximum property tax levy rate, not to exceed the statutory maximum rate of 50 cents per \$1,000 of assessed value. In subsequent years the levy rate may be increased as authorized under chapter 84.55 RCW.

SSB 5368

**Value Real Property Annually for Property Tax Purposes
(Chapter 308, Laws of 2009)**

This bill requires all counties to revalue real property on an annual basis by January 1, 2014 for property tax purposes. The bill also requires the Department to conduct advisory appraisals of industrial properties that are valued at \$25 million or more, when requested by the county assessor.

The bill requires the Department to conduct a pilot project with at least one county that is prepared to move from cyclical to annual revaluation by December 31, 2009, but needs the Department's expertise to accomplish the conversion. The Department may contract with a local government association representing county assessors and other county elected officials to help carry out the pilot project.

The current \$5.00 technology fee associated with real estate affidavits, set to expire July 1, 2010, is extended indefinitely. The use of this fee starting July 1, 2010, until December 31, 2013, will be used to help fund counties' transitions to annual revaluation cycles. Afterwards, the fee will be used to develop and maintain both annual revaluations and electronic systems for reporting REET affidavits.

SSB 5401

**Habitat for Open Space
(Chapter 246, Laws of 2009)**

This bill is similar to 2SHB 1484.

The only tax-related difference between the bills is that 2SHB 1484 amends RCW 84.34.145 to modify the existing exemption from compensating taxes when land, which has been transferred from designated forest land status to a current use classification under chapter 84.34 RCW, is removed from classification for certain reasons, if the land is located in a county with a population exceeding 1,000,000 inhabitants. 2SHB 1484 expands this exemption to land in counties with a population exceeding 600,000 inhabitants. SSB 5401 does not contain this amendment.

All taxing districts are now allowed to impose a lid lift allowing the levy to exceed the 101% limitations in each of up to six consecutive years. The legislation extended the authority to all taxing districts, not just counties, cities, and towns that have had the ability to exceed that limit since 2003. Taxing district boundaries: The date to establish taxing district boundaries is changed from March 1 to August 1 of the year in which the property tax levy is made. SENIOR CITIZEN PROPERTY TAX RELIEF

The property tax exemption for senior citizens, enacted in its original form by constitutional amendment in 1967, provides tax relief for homeowners who qualify on the basis of age or disability and disposable income. In 2009, the program provided \$176.1 million in relief for 113,239 participants.

To be eligible for tax relief in 2009, a homeowner must be 61 in the year the claim is filed or retired by reason of physical disability. Tax relief is provided in the following increments:

- full exemption from excess property taxes, along with a freeze on assessed valuation on January 1 of the initial application year, for households with a combined disposable income of \$35,000 or less;
- exemption from all regular property taxes on the greater of \$50,000 or 35 percent of the value of the residence, not to exceed \$70,000 if income is between \$25,001 and \$30,000; or
- exemption from all regular property taxes on the greater of \$60,000 or 60 percent of the value of the residence if income is \$25,000 or less.

* The value prior to the freeze minus the frozen value is the untaxed value; multiplying by the rate yields component 1 tax savings.

CURRENT USE ASSESSMENTS

Certain agricultural, timber, and open space lands are valued at their current use rather than market value. For taxes due in 2009, this difference in valuation resulted in an estimated \$9.1 million in tax losses and \$122.2 million in shifts to other taxpayers.

To receive reduced assessment, farm and agricultural land and timber land must meet acreage and/or gross income requirements. There are no income or acreage requirements for open space lands. Local five-person advisory boards help assessors determine current use value. They take into consideration lease contracts or productive capacity. Each year assessors estimate a true and fair value separate from the current use value. In the event land is voluntarily removed from current use status, the property owner is liable for a maximum of seven years of compensating taxes based on the difference between current use and fair market value estimates, plus interest and penalties.

To qualify for current use, farm and agricultural land must be:

- 20 or more acres in agricultural use;
- five or more acres, but less than 20, with annual income from agricultural uses of \$200 or more per acre for three out of five years; or
- less than five acres with annual income from agricultural use of \$1,500 or more for three out of five years.

To be eligible for current use classification, timber land must be five or more acres (land only) devoted primarily to the growth and harvest of forest crops. Open space land must be areas set aside to protect, preserve, enhance, promote, and retain such lands. Of the acreage reported for 2009 in the current use program, 98.0 percent is in the farm and agricultural land category as opposed to timber or open space.
