Publication Changes

The Department of Revenue has eliminated duplicate tables in Property Tax Statistics and Tax Statistics. Prior to 2002, Abstract of Assessed Value data can be found in Tax Statistics. This modification allows us to complete Tax Statistics earlier each year and add more information to the Property Tax Statistics report. The levy detail tables can be found on the Department of Revenue's Internet site (<http://dor.wa.gov>) at the bottom of the Table of Contents page. Since 2006, Property Tax Statistics is only available online.

Property Tax Statistics can only be found on the Internet in the "Get Statistics & Reports" link. The Internet address is:

PROPERTY TAX COLLECTIONS—2010

TABLES 1 - 6

Collections data are obtained from county treasurers for all taxing districts imposing an ad valorem property tax, either authorized by statute or approved by voters. Special benefit assessments levied on other than an ad valorem basis are not included.

PROPERTY TAXES DUE IN 2010 (TABLES 1 AND 2)

Property taxes levied in 2009 and due in 2010 were \$8,940 million, increasing \$177 million, or 2.02 percent, from the amount due in 2009. Collections of taxes due in 2010 totaled \$8,685 million, increasing \$186 million, or 2.2 percent, from 2009. The collection response rate was 97.0 percent in 2009 and increased to 97.1 percent in 2010.

During the year, tax roll cancellations (transfer to exempt status, correction of errors, destroyed property, and uncollectible accounts) exceeded tax roll additions (omitted property, property removed from exempt status, and new structures not previously on the rolls) by \$12.5 million. The resulting year-end unpaid balance was \$243 million, down about \$8.3 million from 2009. This amount equaled 2.7 percent of the 2010 tax roll.

Columbia County led all counties last year with a 99.4 percent collection response. Garfield County followed with a 99.2 percent collection response. All together, 32 counties reported collection rates of 95 percent or above, leaving seven counties collecting less than 95 percent. The lowest rate of collection was 91.4 percent.

DELINQUENT PROPERTY TAXES (TABLES 3 AND 4)

Delinquent taxes (taxes on the rolls prior to the 2010 tax year) were \$379 million. Of this amount, plus additions, \$214 million was collected during the year. The statewide response rate was 56.5 percent.

Twenty-six counties had a 50 percent or better collection rate in 2010 which is a decrease of one county compared to 2009. For 2010, six counties had delinquent collection rates of 60 percent or greater which is down from seven counties in 2009.

CURRENT AND DELINQUENT PROPERTY TAXES (TABLES 5 AND 6)

The combined amount of current and delinquent taxes due in 2010 for all 39 counties was \$9,318 million. Collections totaled \$8,899 million, 95.5 percent of the total due. At the end of 2010, delinquent taxes were \$393.8 million, up \$15.2 million, an increase of 4.0 percent from 2009. Although the collection of current taxes was 97.1 percent (as noted above), the collection rate was 99.5 percent of current roll, taking into account both current and delinquent taxes.

2011 Property Tax Legislation

ESHB 1826 **Appeal protections for value changes** **(Chapter 84, Laws of 2011)**

Background

Currently, no revaluation notice is required if the assessed value of a property within a revaluation area has not changed. When the assessor changes the property value, a notice of revaluation must be sent to the property owner within 30 days. If the property owner disagrees with the new value, the owner may appeal to the county board of equalization. That appeal must occur on or before July 1 or within 30 days of the date the revaluation notice was mailed. There are some exceptions to these appeal requirements. The bill takes effect July 22, 2011, and will apply to property taxes levied for collection in 2012 and thereafter.

Summary of the bill

This bill provides that a county board of equalization must waive the deadline for appealing the assessed value of property for property tax purposes under the following circumstances:

- The taxpayer's property was in a revaluation area;
- The property value did not change;
- The taxpayer was not sent a revaluation notice; and
- The appeal is filed within a reasonable time after the July 1 filing deadline.

SHB 1854 **Annexation by regional fire protection service authorities** **(Chapter 271, Laws of 2011)**

This bill provides a process for a fire protection jurisdiction to annex into an adjacent regional fire protection service authority (Authority). The annexation must be approved by a simple majority vote of the voters in the fire protection jurisdiction. For purposes of calculating property tax levy rates, a fire protection district, city, town, or port district that is annexed into an Authority is subject to the same property tax levy limitations as a fire protection jurisdiction that is represented on the governing board of the Authority. The bill takes effect July 22, 2011.

HB 1953 **County and city real estate excise taxes** **(Chapter 354, Laws of 2011)**

This bill temporarily provides greater flexibility in how certain REET revenues can be used.

Background

Currently, cities, towns, and counties may levy a REET of up to 0.25 percent of the selling price of real property for financing capital improvements. For purposes of this summary, this tax is referred to as REET I. Cities, towns, and counties required to fully plan under the Growth Management Act may levy an additional 0.25 percent REET to finance capital projects specified in the capital facilities element of a comprehensive plan. For purposes of this summary, this tax is referred to as REET II. Counties that opt to fully plan under the Growth Management Act and cities and towns in such counties, with voter approval, may impose the REET II.

Summary of the bill

House Bill 1953 provides that cities, towns, and counties may use the greater of \$100,000 or 35 percent of REET I revenues, not to exceed \$1 million per year, to pay for the operations and maintenance expenditures of existing capital projects. This authority is also extended to the use of REET II revenues. In addition, counties may use REET II revenues for the payment of existing debt service on any capital project for which REET I revenues may be used. The use of REET II revenues for the payment of existing debt

service and any amounts used for operations and maintenance expenditures of existing capital projects is subject to the fiscal limitations described above (the greater of \$100,000 or 35 percent of REET II revenues, not to exceed \$1 million per year). The authority provided by this bill applies from the bill's effective date through December 31, 2016. All but one section of the bill takes effect July 22, 2011.

**EHB 1969 Exempting flood control districts
(Chapter 275, Laws of 2011)**

This bill affects how flood control zone district regular property tax levies are impacted by certain limits on regular property tax levies.

Background

Under current law, flood control zone districts can impose a regular property tax levy not to exceed 50 cents per \$1,000 of assessed value. The state constitution limits the aggregate of all regular property tax levies to no more than 1 percent of the true and fair value of the taxed property (\$10 per \$1,000 of assessed value). In addition, state statute provides that the aggregate of most regular property tax levies, other than the state's levy, cannot exceed \$5.90 per \$1,000 of assessed value. If these levy limitations are exceeded, state statute prescribes the order in which the various levies will be reduced or eliminated to ensure that the aggregate levy does not exceed these limitations.

Summary of the bill

Engrossed House Bill 1969 allows a flood control zone district located in a county with a population of 775,000 or more with boundaries coextensive with a county to place up to 25 cents of its regular levy outside of the \$5.90 limit. The levy for a flood control zone district, including the portion protected from the \$5.90 limit, is still within the constitutional 1 percent limit. If the constitutional 1 percent levy limit is exceeded as a result of an aggregate levy that includes any portion of a flood control zone district's levy that is protected from the \$5.90 levy limit, the bill provides that the first levy to be reduced or eliminated is the portion of a flood control zone district's levy that is protected from the \$5.90 levy limit.

The bill also contains an apparent drafting error that affects the order that certain taxing districts' levies are reduced or eliminated under the constitutional 1 percent and statutory \$5.90 levy limits. Under existing law, the levies of flood control zone districts are reduced or eliminated before certain other levies must be reduced or eliminated. For those flood control zone districts that have a population less than 775,000, this bill moves their levies down one level in the order in which levies are reduced or eliminated under the constitutional 1 percent and statutory \$5.90 levy limits. This could have a negative impact on those taxing districts whose levies, under this bill, would be reduced or eliminated at the same time as flood control zone districts with a population less than 775,000 instead of being reduced or eliminated only after the levy of any flood control zone district is eliminated as provided under current law. The bill takes effect July 22, 2011, and applies to property taxes levied for collection in 2012 through 2017. The bill expires January 1, 2018.

Note: See 2ESB 5638 for additional changes

**SSB 5359 Contiguous land under current use open space property tax programs
(Chapter 101, Laws of 2011)**

This bill makes changes to the current use and designated forest land property tax programs. The current use program allows qualifying land to be valued for property taxes based on its current use rather than its highest and best use. To qualify for the current use program as "farm and agricultural land" or "timber land," the land must meet certain criteria depending on the size of the parcel. To determine parcel size, multiple parcels that are contiguous are combined. Contiguous parcels must be held by the "same ownership."

This bill expands the definition of “same ownership” for purposes of the current use program to include parcels that are both managed as part of a single operation and owned by different persons, if the owners are:

- Members of the same family as “family” is defined in the bill;
- Legal entities wholly owned by members of the same family; or
- An individual who owns at least one of the parcels and a legal entity or entities that own the other parcel or parcels if the entity or entities are wholly owned by that individual and/or members of his or her family.

The bill adds a virtually identical definition of “contiguous” to the designated forest land property tax program, which allows eligible forest land to be valued for property tax purposes based on its use for growing and harvesting timber rather than its highest and best use. This new definition of “contiguous” also incorporates the definition of “same ownership” described above. The bill takes effect July 22, 2011.

SB 5628 **Property tax exemption from emergency medical services levy
(Chapter 365, Laws of 2011)**

This bill provides that for purposes of imposing an emergency medical service (EMS) property tax levy, the boundary of a county with a population greater than 1.5 million does not include all of the area of the county that is located within a city that has a boundary in two counties, if the locally assessed value of all the property in the area of the city within the county with a population greater than 1.5 million is less than \$250 million. The bill also clarifies that a fire protection district may impose the full amount of its EMS levy in a city that the fire protection district has annexed and that is located in two counties, one of which has a population greater than 1.5 million, and the locally assessed value of all the property in the area of the city within the county with a population greater than 1.5 million is less than \$250 million. The bill is intended to ensure that the owners of property in the portion of the City of Milton located in King County will not have to pay for two EMS levies that could result from the layering of King County’s EMS levy and a City of Milton (or fire district) EMS levy.

Background

Subject to various limitations and restrictions, certain taxing districts are authorized, with voter approval, to impose regular EMS property tax levies of up to 50 cents per \$1,000 of assessed value to fund emergency medical care and emergency medical services. If a county and another taxing jurisdiction within the county both impose EMS levies, the maximum cumulative rate for both levies is 50 cents per \$1,000 of assessed value. The City of Milton is located partially within King and Pierce Counties. Currently, King County and the City of Milton both impose an EMS levy. An Attorney General Opinion was issued in 2010 (AGO 2010 No. 8) concluding that a city within two counties, only one of which imposes its own EMS levy, could impose an EMS levy at the maximum rate throughout the entire city without regard to the EMS levy imposed by the one county. The bill takes effect July 22, 2011, and applies to taxes levied for collection in 2012 and thereafter.

2ESB 5638 **Exemption of certain taxing districts
(Chapter 28, Laws of 2011 1st Special Session)**

This bill affects how certain metropolitan park districts are impacted by constitutional and statutory limits on regular property tax levies. It also makes a technical correction to similar legislation enacted in the 2011 regular legislative session for certain flood control zone districts.

Background

The state constitution limits the aggregate of all regular property tax levies to no more than 1 percent of the true and fair value of the taxed property (\$10 per \$1,000 of assessed value). In addition, state statute provides that the aggregate of most regular property tax levies, other than the state’s levy, cannot exceed \$5.90 per \$1,000 of assessed value. If these levy limitations are exceeded, state statute prescribes the order

in which the various levies will be reduced or eliminated to ensure that the aggregate levy does not exceed these limitations. This reduction or elimination of levies is commonly referred to as “prorating.”

Summary of the bill

Second Engrossed Senate Bill 5638 provides that any metropolitan park district (MPD) located in a county with a population of at least 1.5 million (King County) may, with voter approval, protect all or any portion of its \$0.25 per \$1,000 of assessed value property tax levy from prorating under the \$5.90 aggregate levy limit. Current law (RCW 84.52.120) already provides this authority for MPDs with a population of at least 150,000.

The bill also provides that if the constitutional 1 percent levy limit is exceeded as a result of an aggregate levy that includes any portion of a levy that is protected from the \$5.90 limit by an MPD that has a population of less than 150,000 and is located in a county with a population of at least 1.5 million, the first levy to be prorated is the portion of the MPD’s levy that is protected from prorating under the \$5.90 limit.

The bill also makes technical corrections to chapter 275, Laws of 2011 (EHB 1969) to eliminate a potential negative impact from that bill on those taxing districts whose levies would have been prorated at the same time as flood control zone districts with a population less than 775,000 rather than being prorated only after the prorating of the levy of any flood control zone district as the law provided prior to the effective date of EHB 1969. See the summary of EHB 1969 for a more detailed explanation of the apparent drafting error in that bill. The bill takes effect August 24, 2011, and applies to taxes levied for collection in 2012 through 2017. The bill expires January 1, 2018.

2000 – I-722 passed in November mandating a rollback of assessed values to January 1, 1999, levels and limiting future increases of taxable value to 2% per year. The initiative was not implemented because the Washington State Supreme Court unanimously ruled it unconstitutional on September 20, 2001.

2006 – Establishment of Regional Fire Protection Service Authorities for participating jurisdictions to provide adequate private ambulance services. A financial plan must contain the property tax and/or benefit charge proposed by a regional fire protection service authority and requires 60 percent voter approval for the tax and benefit charge. Property Tax Deferral Program: The legislation lowered the interest rate on pay back of taxes from 8% to 5% when senior citizens, retired persons, and veterans with 100% service connected disability with disposable incomes of \$40,000 or less have deferred property taxes and special benefit assessments imposed on their residence. The reduced rate will apply to taxes and special assessments after January 1, 2007. Personal Property Head of Family Household Tax Exemption: Amendment of the Washington State Constitution to change the exemption

from \$3,000 to \$15,000 for a head of family who owns, operates, and is a sole proprietor of a business that meets certain qualifications effective January 1, 2007. Property Tax Exemption for Reasons of Disability: Increases the one-acre limitation on residence size up to five acres if the larger parcel size is what is required by local zoning for the Senior Citizen and Disabled Person Exemption Program and the Widows/Widowers of Veterans Property Tax Assistance Program. Local Infrastructure Financing Tool (LIFT) was created to promote community and economic development by revenue allocation of local excise tax and local property tax (use of new construction dollars). LIFT is effective July 1, 2006, and expires June 30, 2039.

2007 – Forest fire protection flat fee assessment was increased from \$14.50 to \$17.50 per parcel, and the assessment on excess acreage increased from 25 cents to 27 cents on each acre exceeding 50 acres. All taxing districts are now allowed to impose a lid lift allowing the levy to exceed the 101% limitations in each of up to six consecutive years. The legislation extended the authority to all taxing districts, not just counties, cities, and towns that have had the ability to exceed that limit since 2003. Taxing district boundaries: The date to establish taxing district boundaries is changed from March 1 to August 1 of the year in which the property tax levy is made. New provisions have been established related to the disposition of taxes levied on property within fire or library districts that have been annexed to a city or town. Also, new city or town notification requirements pertaining to annexation of property within a fire or library district are established. School District Capital Project Funds for Technology: School districts are allowed to impose 2-year levies to fund costs associated with the application and modernization of technology systems. These levies are in addition to other maintenance and operation levies imposed by the school district and are not subject to the limitation found in RCW 84.52.053.

2007 – During a special session in November, the maximum 1% levy increase over the prior year's highest lawful levy (first seen as I-747, 2001) was reinstated.

2008 – RCW 84.55.05 – Levy lid lifts. Makes single year and multiple year lid lifts temporary unless the ballot proposition approved by voters makes them permanent. After the lid lift ends, subsequent levies will be computed as if the lid lift had never occurred and the district had levied at the maximum rates allowed, unless the ballot proposition states otherwise.

2008 – RCW 84.09.030 requires newly incorporated port districts and regional fire protection service authority districts to have their boundaries established by October 1st if their boundaries are coterminous with the boundaries of another taxing district or districts as they existed the first day of August. If the boundaries for the

newly incorporated port district and regional fire protection service authority district are not coterminous with another taxing district, then the boundaries must be established by August 1.

2008 - RCW 17.29.253 requires mosquito districts to have their boundaries established by September 1st. SB6950, Section 510 gives the county treasurers authority to grant an extension for the due dates of any property tax payable under RCW 94.56.020, for taxes extended upon the tax rolls of the county, when a state of emergency has been declared by the governor. E2SHB 3186 authorizes the creation of beach management districts that are similar to lake management districts. Beach management districts may be created by a county, city, or town for the purpose of controlling and removing aquatic plants or vegetation. HB 1149 removed the requirement for an advance tax to be paid prior to the recording of a binding site plan with the county auditor.

2009 – Property tax resulting from levy lid lifts can be used to supplant existing funds beginning with levies submitted/approved by voters after July 26, 2009 in counties with a population of less than 1.5 million. In counties with a population of 1.5 million or more, property tax levy lid lift funds can be used to supplant existing funds for levies approved by the voters after July 26, 2009 and through 2011.

2009 – The statutory maximum rate of county ferry districts was changed from \$0.75 to \$0.075 per thousand dollars of assessed value in counties with a population of 1.5 million or more. A new transit levy was created in counties with a population of 1.5 million or more to expand transit capacity along State Route 520 and other transit-related purposes. The levy is subject to the levy

limit in RCW 84.55.010 after the first tax levy has been imposed and is subject to the constitutional one percent limit and excluded from the \$5.90 levy limitation.

2010 – A new community facility district may be formed to provide voluntary financing for community facilities and local, sub regional and regional infrastructure. The board of supervisors of such district may impose a special assessment on the property.

2010 - Regional Transit Authority (RTA) – when an area outside of the RTA is annexed to a city or code city located within the boundaries of an RTA, the annexed area is simultaneously included within the boundaries of the RTA. Annexation indebtedness – all property located within the boundaries of a city, partial city, or town annexing into a fire protection district and which is subject to the excess levy by the city or town for the repayment of debt incurred for fire protection related capital improvements that was incurred prior to the annexation is exempt from voter approved property taxes levied by the annexing fire protection district for the repayment of indebtedness issued prior to the effective date of the annexation.

2010 - Fire protection districts may be authorized in areas both inside and outside of cities and towns. Also a city or town adjacent to a fire district may be annexed into such a fire district provided the population of the city or town does not exceed 300,000.

2010 - School districts may return to voters after they have received voter approval for an M&O levy requesting additional levy authority if the district's levy base or maximum levy percentage has increased since the initial levy. This law allows a school district to have multiple M&O levies at one time.

SENIOR CITIZEN PROPERTY TAX RELIEF

The property tax exemption for senior citizens, enacted in its original form by constitutional amendment in 1967, provides tax relief for homeowners who qualify on the basis of age or disability and disposable income. In 2011, the program provided \$175.5 million in relief for 114,800 participants.

To be eligible for tax relief in 2011, a homeowner must be 61 in the year the claim is filed or retired by reason of physical disability. Tax relief is provided in the following increments:

- full exemption from excess property taxes, along with a freeze on assessed valuation on January 1 of the initial application year, for households with a combined disposable income of \$35,000 or less;
- exemption from all regular property taxes on the greater of \$50,000 or 35 percent of the value of the residence, not to exceed \$70,000 if income is between \$25,001 and \$30,000; or
- exemption from all regular property taxes on the greater of \$60,000 or 60 percent of the value of the residence if income is \$25,000 or less.

* The value prior to the freeze minus the frozen value is the untaxed value; multiplying by the rate yields component 1 tax savings.

CURRENT USE ASSESSMENTS

Certain agricultural, timber, and open space lands are valued at their current use rather than market value. For taxes due in 2011, this difference in valuation resulted in an estimated \$12.44 million in tax losses and \$134.3 million in shifts to other taxpayers.

To receive reduced assessment, farm and agricultural land and timber land must meet acreage and/or gross income requirements. There are no income or acreage requirements for open space lands. Local five-person advisory boards help assessors determine current use value. They take into consideration lease contracts or productive capacity. Each year assessors estimate a true and fair value separate from the current use value. In the event land is voluntarily removed from current use status, the property owner is liable for a maximum of seven years of compensating taxes based on the difference between current use and fair market value estimates, plus interest and penalties.

To qualify for current use, farm and agricultural land must be:

- 20 or more acres in agricultural use;
- five or more acres, but less than 20, with annual income from agricultural uses of \$200 or more per acre for three out of five years; or
- less than five acres with annual income from agricultural use of \$1,500 or more for three out of five years.

To be eligible for current use classification, timber land must be five or more acres (land only) devoted primarily to the growth and harvest of forest crops. Open space land must be areas set aside to protect, preserve, enhance, promote, and retain such lands. Of the acreage reported for 2011 in the current use program, 97.7 percent is in the farm and agricultural land category as opposed to timber or open space.
