PROPERTY TAX COLLECTIONS—2011

TABLES 1 - 6

Collections data are obtained from county treasurers for all taxing districts imposing an ad valorem property tax, either authorized by statute or approved by voters. Special benefit assessments levied on other than an ad valorem basis are not included.

PROPERTY TAXES DUE IN 2011 (TABLES 1 AND 2)

Property taxes levied in 2010 and due in 2011 were \$9,301 million, increasing \$362 million, or 4.0 percent, from the amount due in 2010. Collections of taxes due in 2011 totaled \$9,062 million, increasing \$377 million, or 4.3 percent, from 2010. The collection response rate was 97.1 percent in 2010 and increased to 97.4 percent in 2011.

During the year, tax roll cancellations (transfer to exempt status, correction of errors, destroyed property, and uncollectible accounts) exceeded tax roll additions (omitted property, property removed from exempt status, and new structures not previously on the rolls) by \$15.8 million. The resulting year-end unpaid balance was \$224 million, down about \$18.6 million from 2010. This amount equaled 2.4 percent of the 2011 tax roll.

Columbia County led all counties last year with a 98.5 percent collection response. Garfield County followed with a 98.4 percent collection response. All together, 33 counties reported collection rates of 95 percent or above, leaving six counties collecting less than 95 percent. The lowest rate of collection was 89.1 percent.

DELINQUENT PROPERTY TAXES (TABLES 3 AND 4)

Delinquent taxes (taxes on the rolls prior to the 2011 tax year) were \$397 million. Of this amount, plus additions, \$218 million was collected during the year. The statewide response rate was 55.0 percent.

Twenty-nine counties had a 50 percent or better collection rate in 2011 which is an increase of three counties compared to 2010. For 2011, nine counties had delinquent collection rates of 60 percent or greater which is up from six counties in 2010.

CURRENT AND DELINQUENT PROPERTY TAXES (TABLES 5 AND 6)

The combined amount of current and delinquent taxes due in 2011 for all 39 counties was \$9,698 million. Collections totaled \$9,280 million, 95.7 percent of the total due. At the end of 2011, delinquent taxes were \$385.1 million, up \$6.5 million, a decrease of 2.2 percent from 2010. Although the collection of current taxes was 97.4 percent (as noted above), the collection rate was 99.8 percent of current rolls, taking into account both current and delinquent taxes.

2012 Property Tax Legislation

SHB 2149 Relating to personal property tax assessment administration, authorizing waiver of penalties and interest under specified circumstances (Chapter 59, Laws of 2012)

This bill allows a county's legislative authority to authorize its county assessor to waive the late filing penalties for 2011 and prior assessment years for personal property tax if the taxpayer:

- Files with the assessor a correct list and statement of taxable personal property and
- completes an application for a penalty waiver on or before July 1, 2012; and
- By September 1, 2012, makes full payment of all tax liabilities for which a penalty waiver is requested.

Taxpayers receiving penalty relief may not seek a refund or otherwise challenge the amount of tax liability paid as a condition for receiving a penalty waiver. Personal property listed by the taxpayer is subject to verification by the assessor, and any unreported or misreported property remains subject to taxes, penalties, and interest.

SHB 2149 took effect March 20, 2012.

ESHB 2502 Relating to modifying exceptions to the compensating tax provisions for removal from forest land classification to more closely parallel open space property tax provisions (Chapter 170, Laws of 2012)

This bill makes changes to the designated forest land property tax program, which allows eligible forest land to be valued for property tax purposes based on its use for growing and harvesting timber instead of its highest and best use.

When land is removed from designation as forest land, it is assessed for property tax purposes at its true and fair value unless the land is reclassified (i.e., transferred to a classification under chapter 84.34 RCW). In addition, compensating tax is imposed unless an exemption applies. One exemption to the payment of compensating tax is when a property interest in forest land is transferred for conservation purposes to a governmental entity, nonprofit historic preservation corporation, or nonprofit nature conservancy corporation. This exemption currently applies only in counties with a population over 600,000. This bill expands the exemption to include counties with a population of at least 245,000 that border Puget Sound (currently Thurston and Kitsap counties).

When land is reclassified from designated forest land to a classification under chapter 84.34 RCW and is later removed from classification, it is assessed at its true and fair value. And if the removal from classification occurs before 10 years has passed since the land was reclassified, a combination of additional tax, interest, and penalty, and compensating tax are imposed unless an exemption applies. However, there is an exemption from the payment of the compensating tax portion when the removal from classification is a result of a transfer that qualifies for one of the exemptions from payment of additional tax, interest, and penalty

under chapter 84.34 RCW. Currently, this exemption from the compensating tax portion only applies if the land is located in a county with a population over 600,000. This bill expands that exemption to include counties with a population of at least 245,000 that border Puget Sound.

ESHB 2502 takes effect June 7, 2012.

**SHB 2617 Relating to school district financial insolvency
(Chapter 186, Laws of 2012)**

This bill establishes criteria for a school district to be identified as financially insolvent and establishes a process by which a financially insolvent school district may be dissolved and its territory annexed by or transferred to one or more contiguous school districts. The bill also contains provisions relating to property tax levies, including (1) levies for paying the bonded indebtedness of a dissolved school district, (2) extending any pre-existing excess levy of a school district to territory received from a financially insolvent school district, and (3) authorizing replacement or supplemental levies, upon voter approval, by a school district annexing or receiving territory from a financially insolvent school district. Additionally, the bill specifies that for property tax purposes, the boundaries of a school district that annexes or receives territory from a financially insolvent school district must be established on September 1st of the year in which a levy is to be made for the enlarged school district. SHB 2617 takes effect September 1, 2012.

**SSB 5381 Relating to adjusting voting requirements for the renewal of emergency medical service levies
(Chapter 115, Laws of 2012)**

This bill allows a six-year or 10-year emergency medical services (EMS) levy to be renewed with a majority vote rather than a super majority vote. The bill maintains the requirement that the initial imposition of a permanent EMS levy or a six- or 10-year EMS levy be approved by a super-majority vote.

SSB 5381 takes effect June 7, 2012.

**SSB 6277 Relating to creating authority for counties to exempt from property taxation new and rehabilitated multiple-unit dwellings in certain unincorporated urban centers
(Chapter 194, Laws of 2012)**

This bill expands the property tax exemption for eligible new, rehabilitated, or converted multiple-unit housing within residential targeted areas in urban centers. Currently, only certain cities are allowed to create residential targeted areas and offer this exemption. However, the bill makes the exemption available in residential targeted areas located in the unincorporated area of a county if (1) that area is within an urban growth area under the Growth Management Act and contains an institution of higher education where at least 1,200 students live on campus during the academic year and (2) the county has an unincorporated

population of at least 350,000. For any multi-unit housing located in an unincorporated area of a county, a property owner seeking a property tax exemption must commit to renting or selling at least 20 percent of the multi-family housing units as affordable housing units to low- and moderate-income households.

SSB 6277 takes effect June 7, 2012.

**SSB 6600 Relating to extending property tax exemptions to property used exclusively by certain nonprofit organizations that is leased from an entity that acquired the property from a previously exempt nonprofit organization
(Chapter 76, Laws of 2012)**

This bill allows property receiving a property tax exemption under RCW 84.36.030 to continue receiving the exemption when the property is transferred to an entity that would otherwise not qualify for the exemption if:

- That entity was formed exclusively for the purpose of leasing the property to an organization that will use the property for exempt purposes under RCW 84.36.030;
- The lessee uses the property for exempt purposes under RCW 84.36.030;
- The immediate previous owner of the property had received an exemption under RCW 84.36.020 or 84.36.030 for the property; and
- The benefit of the exemption inures to the benefit of the lessee organization.

SSB 6600 takes effect June 7, 2012.

2000 – I-722 passed in November mandating a rollback of assessed values to January 1, 1999, levels and limiting future increases of taxable value to 2% per year. The initiative was not implemented because the Washington State Supreme Court unanimously ruled it unconstitutional on September 20, 2001.

2001 – I-747 passed in November which restricts taxing districts to a 1% monetary aggregate increase over their prior highest lawful levy. Effective for the 2002 tax year.

2002 – Annexations by petition ruled unconstitutional in March 2002 by the State Supreme Court. The basic method by which cities may annex territory is now by election – by approval of the voters in the area proposed for annexation.

2004 – Senior citizen income limit raised for taxes due in 2005. Exemption is extended to those eligible who are confined in a boarding home or adult family home.

2005 – Several changes occurred to the veterans program. A 10-year special tax exemption is now offered for nightclubs that install sprinkler systems. Fire protection districts can impose up to a total of 25 cents of its property tax levy outside the \$5.90 limit on regular levies if the district's levy would be otherwise prorated.

2006 – Establishment of Regional Fire Protection Service Authorities for participating jurisdictions to provide adequate private ambulance services. A financial plan must contain the property tax and/or benefit charge proposed by a regional fire protection service authority and requires 60 percent voter approval for the tax and benefit charge. Property Tax Deferral Program: The legislation lowered the interest rate on pay back of taxes from 8% to 5% when senior citizens, retired persons, and veterans with 100% service connected disability with disposable incomes of \$40,000 or less have deferred property taxes and special benefit assessments imposed on their residence. The reduced rate will apply to taxes and special assessments after January 1, 2007. Personal Property Head of Family Household Tax Exemption: Amendment of the Washington State Constitution to change the exemption from \$3,000 to \$15,000 for a head of family who owns, operates, and is a sole proprietor of a business that meets certain qualifications effective January 1, 2007. Property Tax Exemption for Reasons of Disability: Increases the one-acre limitation on residence size up to five acres if the larger parcel size is what is required by local zoning for the Senior Citizen and Disabled Person Exemption Program and the Widows/Widowers of Veterans Property Tax Assistance Program. Local Infrastructure Financing Tool (LIFT) was created to promote community and economic development by revenue allocation of local excise tax and local property tax (use of new construction dollars). LIFT is effective July 1, 2006, and expires June 30, 2039.

2007 – Forest fire protection flat fee assessment was increased from \$14.50 to \$17.50 per parcel, and the assessment on excess acreage increased from 25 cents to 27 cents on each acre exceeding 50 acres. All taxing districts are now allowed to impose a lid lift allowing the levy to exceed the 101% limitations in each of up to six consecutive years. The legislation extended the authority to all taxing districts, not just counties, cities, and towns that have had the ability to exceed that limit since 2003. Taxing district boundaries: The date to establish taxing district boundaries is changed from March 1 to August 1 of the year in which the property tax levy is made. New provisions have been established related to the disposition of taxes levied on property within fire or library districts that have been annexed to a city or town. Also, new city or town notification requirements pertaining to annexation of property within a fire or library district are established. School District Capital Project Funds for Technology: School districts are allowed to impose 2-year levies to fund costs associated with the application and modernization of technology systems. These levies are in addition to other maintenance and operation levies imposed by the school district and are not subject to the limitation found in RCW 84.52.053.

2007 – During a special session in November, the maximum 1% levy increase over the prior year's highest lawful levy (first seen as I-747, 2001) was reinstated.

2008 – RCW 84.55.05 – Levy lid lifts. Makes single year and multiple year lid lifts temporary unless the ballot proposition approved by voters makes them permanent. After the lid lift ends, subsequent levies will be computed as if the lid lift had never occurred and the district had levied at the maximum rates allowed, unless the ballot proposition states otherwise.

2008 - RCW 84.09.030 requires newly incorporated port districts and regional fire protection service authority districts to have their boundaries established by October 1st if their boundaries are coterminous with the boundaries of another taxing district or districts as they existed the first day of August. If the boundaries for the newly incorporated port district and regional fire protection service authority district are not coterminous with another taxing district, then the boundaries must be established by August 1.

2008 - RCW 17.29.253 requires mosquito districts to have their boundaries established by September 1st. SB6950, Section 510 gives the county treasurers authority to grant an extension for the due dates of any property tax payable under RCW 94.56.020, for taxes extended upon the tax rolls of the county, when a state of emergency has been declared by the governor. E2SHB 3186 authorizes the creation of beach management districts that are similar to lake management districts. Beach management districts may be created by a county, city, or town for the purpose of controlling and removing aquatic plants or vegetation. HB 1149 removed the requirement for an advance tax to be paid prior to the recording of a binding site plan with the county auditor.

2009 – Property tax resulting from levy lid lifts can be used to supplant existing funds beginning with levies submitted/approved by voters after July 26, 2009 in counties with a population of less than 1.5 million. In counties with a population of 1.5 million or more, property tax levy lid lift funds can be used to supplant existing funds for levies approved by the voters after July 26, 2009 and through 2011.

2009 – The statutory maximum rate of county ferry districts was changed from \$0.75 to \$0.075 per thousand dollars of assessed value in counties with a population of 1.5 million or more. A new transit levy was created in counties with a population of 1.5 million or more to expand transit capacity along State Route 520 and other transit-related purposes. The levy is subject to the levy limit in RCW 84.55.010 after the first tax levy has been imposed and is subject to the constitutional one percent limit and excluded from the \$5.90 levy limitation.

2010 – A new community facility district may be formed to provide voluntary financing for community facilities and local, sub regional and regional infrastructure. The board of supervisors of such district may impose a special assessment on the property.

2010 - Regional Transit Authority (RTA) – when an area outside of the RTA is annexed to a city or code city located within the boundaries of an RTA, the annexed area is simultaneously included within the boundaries of the RTA. Annexation indebtedness – all property located within the boundaries of a city, partial city, or town annexing into a fire protection district and which is subject to the excess levy by the city or town for the

repayment of debt incurred for fire protection related capital improvements that was incurred prior to the annexation is exempt from voter approved property taxes levied by the annexing fire protection district for the repayment of indebtedness issued prior to the effective date of the annexation.

2010 - Fire protection districts may be authorized in areas both inside and outside of cities and towns. Also a city or town adjacent to a fire district may be annexed into such a fire district provided the population of the city or town does not exceed 300,000.

2010 - School districts may return to voters after they have received voter approval for an M&O levy requesting additional levy authority if the district's levy base or maximum levy percentage has increased since the initial levy. This law allows a school district to have multiple M&O levies at one time.

2011 - A property owner has the right to appeal their property valuation even though the value did not change if the property was within a revaluation area and the taxpayer was not sent a notice of value change. The measure provides that a county board of equalization must waive the appeal deadline, if a request is filed within a reasonable time after the appeal deadline, if the taxpayer's property was in the current revaluation area, the property value did not change, the taxpayer was not sent a notice, and the taxpayer did not file an appeal prior to July 1 of the assessment year. The bill will take effect July 22, 2011, and will apply to property taxes levied for collection in 2012 and thereafter.

2011 - A process has been provided for a fire protection jurisdiction to annex into an adjacent regional fire protection service authority. The annexation must be approved by a simple majority vote of the voters in the fire protection jurisdiction. As the regional fire protection service authority sets the property tax levy rate, the levy rate within the fire protection service authority annexed may change. The bill is effective July 22, 2011.

2011 - Protection of the King County flood control zone district from a potential loss of revenue due to proration of its levy should the aggregate local regular levy exceed \$5.90. The district was provided limited protection of the regular property tax levy from proration in a county with a population of 75,000 or more and whose boundaries are coextensive with the county. For those districts, \$0.25 of their regular property tax levy is outside of the \$5.90 limit. The bill changes the process for adjusting levies if the combined levy exceeds the \$5.90 limit for other flood control district levies and junior taxing districts. The protected portion of the levy of the flood control district is still within the one percent limit and would be the first levy prorated if the aggregate of all levies exceeds the one percent limit. The unprotected portion of

the flood control district levy and levies of other flood control zones would continue to be subject to proration. It is effective July 22, 2011, and applies to property taxes levied for collection in 2012 through 2017. The bill expires January 1, 2018.

2011 - Legislation, for property tax purposes, makes technical changes to clarify the eligibility requirements for veterans with a service connected disability to qualify for the senior citizen and disabled person property tax exemption. Also corrected are requirements for the assessor to notify persons receiving the senior exemption from four to six years to coincide with the legislation passed in 2010. Both changes go into effect on July 22, 2011.

2011 - Legislation has been provided for qualifying cities within King, Pierce, and Snohomish Counties with a tax increment financing program to fund infrastructure improvements. To qualify, cities must participate in a transfer of development rights program and meet certain requirements. A portion of incremental increases in regular property tax revenue of a sponsoring city and the county in which the city resides as a result of new construction in a specified area are used by the sponsoring city to fund the local public infrastructure projects in that same area. The bill also provides for the transfer of development rights from rural land to cities to be used within the infrastructure project area.

2011 - A bill to allow families to farm or grow and harvest trees on contiguous properties as a single operation and have the land value based on current use rather than market value was passed by the Legislature. The bill expands the definition of "same ownership" to include parcels owned by different people that are managed as a single operation and owned by: (1) Members of the same family, as defined in the bill; (2) legal entities wholly owned by members of the same family; or (3) An individual who owns at least one of the parcels and/or a legal entity or entities that own the other parcel or parcels if the entity or entities are wholly owned by that individual, members of his or her family, or that individual and members of his or her family. The bill adds the definition of "contiguous" to the designated forest land program. The bill is effective July 22, 2011.

2011 - The bill provides that, for purposes of imposing a medical emergency property tax levy, the boundary of a county with a population greater than 1,500,000 does not include the area located within a city that has a boundary in two counties. The locally assessed value of all the property in the area of the city within the county with a population greater than 1,500,000 must be less than \$250,000,000.

SENIOR CITIZEN PROPERTY TAX RELIEF

The property tax exemption for senior citizens, enacted in its original form by constitutional amendment in 1967, provides tax relief for homeowners who qualify on the basis of age or disability and disposable income. In 2012, the program provided \$164 million in relief for 115,440 participants.

To be eligible for tax relief in 2012, a homeowner must be 61 in the year the claim is filed or retired by reason of physical disability. Tax relief is provided in the following increments:

- full exemption from excess property taxes, along with a freeze on assessed valuation on January 1 of the initial application year, for households with a combined disposable income of \$35,000 or less;
- exemption from all regular property taxes on the greater of \$50,000 or 35 percent of the value of the residence, not to exceed \$70,000 if income is between \$25,001 and \$30,000; or
- exemption from all regular property taxes on the greater of \$60,000 or 60 percent of the value of the residence if income is \$25,000 or less.

CURRENT USE ASSESSMENTS

Certain agricultural, timber, and open space lands are valued at their current use rather than market value. For taxes due in 2012, this difference in valuation resulted in an estimated \$14.56 million in tax losses and \$93.3 million in shifts to other taxpayers.

To receive reduced assessment, farm and agricultural land and timber land must meet acreage and/or gross income requirements. There are no income or acreage requirements for open space lands. Local five-person advisory boards help assessors determine current use value. They take into consideration lease contracts or productive capacity. Each year assessors estimate a true and fair value separate from the current use value. In the event land is voluntarily removed from current use status, the property owner is liable for a maximum of seven years of compensating taxes based on the difference between current use and fair market value estimates, plus interest and penalties.

To qualify for current use, farm and agricultural land must be:

- 20 or more acres in agricultural use;
- five or more acres, but less than 20, with annual income from agricultural uses of \$200 or more per acre for three out of five years; or
- less than five acres with annual income from agricultural use of \$1,500 or more for three out of five years.

To be eligible for current use classification, timber land must be five or more acres (land only) devoted primarily to the growth and harvest of forest crops. Open space land must be areas set aside to protect, preserve, enhance, promote, and retain such lands. Of the acreage reported for 2012 in the current use program, 97.8 percent is in the farm and agricultural land category as opposed to timber or open space.
