1 Data as reported by County Treasurers; state receipts do not necessarily agree with cash receipts of the state tax due to differences in the timing of the receipts. Does not include tax on controlling interests collected by DOR; Includes 1.3% retained by the county for collection costs.

NOTE: In previous years, the Department was able to estimate the value of taxable sales by dividing the state tax collections by the state tax rate of 1.28%. In 2019, the legislature passed ESSB 5998 which established a graduated real estate tax. The Department is now unable to estimate taxable sales.

2 Counties levy the tax but the receipts are shared with cities.

3 For the most part counties levy the tax but the receipts are shared with cities. As of Jan 1, 2011 if a county with a population of at least 800,000 had not levied the tax then any city with a population of at least 30,000 within that county could. Currently Tacoma is the only city levying this local sales tax.
